Fig. 9

FIG. 9 is a perspective view of the device of FIG. 1, showing the device in a closed position. The device includes a main body 50, a curved arm 60, and a central component 80a. The main body 50 has a curved top surface 54 and a base 55. The curved arm 60 is connected to the main body 50 via a hinge mechanism 70a. The central component 80a is mounted on the main body 50 and features a circular opening 85a. The device is shown in a closed position, with the curved arm 60 and the central component 80a in a retracted position.
